Reading

13 Andy is looking for a new car. He wants a good car for
26 his family. He has a wife and two children. He found two cars
that he likes. One is red. The other is black.

36 The red car has four doors. It has a good size trunk. It
49 has been driven eighty thousand miles.

55 The black car has two doors. It has a smaller trunk. It has
68 been driven sixty thousand miles.

73 Both cars were made in the same year and cost the same.

85 He is **unsure** of which car to buy. He plans to test drive both of
100 them. Maybe that will help him decide which car to buy.
