Reading

17 June 14th is a special day. Both Ny and Juan were born on that day; mother and
33 son share a birthday. This year their family has decided to host a big birthday party
at the local park shelter.

38 All of their friends will be invited. The park shelter is spacious. It is perfect
53 for large groups. Plus, it is a great place for all ages. There is lots of playground
70 equipment. The park has two slides, a bridge and fire pole, a jungle gym, and lots of
87 sand.

88 There are swings for both little ones and adults. The open grassy spaces are
102 great for playing Frisbee, croquet or catch with a baseball or football. It is also a
118 great place to relax, visit with friends, and enjoy the outdoors.

129 The park shelter has a number of grills near it. The hosts plan to do some
145 grilling at the party. They will need to bring charcoal. The park does not provide it.
161 They will also need to bring some long handled utensils.

171 The shelter will need to be **reserved**, and the sooner the better. If it is not
187 reserved, some other group may be using it on the big day. A call to the city office
205 can assure the party planners the use of the space.
